

- 1 MB: But now. They're like 10 years older than us. Ten to fifteen years older. My aunt's actually my age.
- 2 BJ: Mm hmm.
- 3 MB: And my uncle's about fourteen years older. So, I don't know, all the sudden they've shot into geezerhood. [I don't know what happened to them. (laughing)]
- 3 BJ: [(laughing)]
- 4 MB: Like they got this [RV, you know]. So now they're like driving around every time they have a couple days off. They hop in this RV and go places, and. You know.
- 4 BJ: [(laughing)]
- 5 MB: I've been [[to these]] R-, wh-, we wen-, we went to an RV show with them [[[maybe]]] a year or two ago, before they, you know, when we still did things on occasion.
- 5 BJ: [[Yeah.]] [[[Mm hmm]]]
- 6 MB: So I would like- let's go to an RV show and see what they have, and. It was just a bunch of, you know, like, older [white] couples. And I guess that's, you know.
- 6 BJ: [Mm hmm]
- 7 BJ: I think that's the whole thing, I mean, I'm just wondering, what are people our age, gonna do, you know, when we get to be retirement age. Are we gonna suddenly get interested in RVs? [I don't know?]
- 8 MB: [I don't know.] Because here's my uncle who was like a biker, [for like a-] I mean, what are you doing? What's, where is your bike. [(laughing) You know what-, I mean I can't believe that you went from this to thi-.]] I mean it's just such a leap.
- 8 BJ: [Mm hmm] [(laughing)]
- 9 MB: And I think I might go.=If it could happen to him it could happen to me, you know.
- BJ: (lauging)
- 10 MB: So my uncle- my husband, he always blames it on the fact that, um, you know my uncle had a couple near death experiences with, uh, carotid obstruction, [you know], with-, he had to have plaque cleaned out of his carotid artery, and ope- open surgery by-pass, [[this kind]] of thing. So, he thinks that maybe these- you know, they, these make you think twice about y- your time on earth, and then so what, you jump into geezerhood. I just can't- I don't get the nec- connec[[[tion.]]] But anyway.
- 10 BJ: [oh, uh huh] [[mm hmm]] [[[yeah]]]
