## **Carson Williams named to board**

The Pittsburgh Downtown Partnership has named eight new board members, including Doris Carson Williams, president of the African American Chamber of Commerce of Western Pennsylvania. The partnership is a nonprofit organization with the mission of fostering a clean, safe and accessible Downtown environment. It handles marketing efforts for Downtown businesses, maintains the Clean Sweep Ambassadors (identifiable by their bright yellow jackets) and operates a transportation and construction committee among other things. Carson Williams also serves on the boards of Highmark Blue Cross Blue Shield, the Urban League of Pittsburgh and the Riverlife Task Force.
