For a Special Luncheon and Educational Session on  
Eliminating Racial and Ethnic Disparities in Health

**Thursday, June 11<sup>th</sup> ~ 11:30 A.M.-1:00 P.M.**

Highmark Blue Cross Blue Shield  
Boardroom and Terrace  
120 Fifth Avenue Place, 31<sup>st</sup> Floor

---

A diverse workforce has become a high priority for many businesses, driven by both social and market forces. Research proves that racial and ethnic minorities are disproportionately burdened with health vulnerabilities, even with equal access to care and insurance. This informative session will increase awareness of what health disparities are, how they may be impacting your workforce and how America's health care system is working to reduce disparities, especially now.

Please join Highmark and fellow Chamber members as we cordially welcome guest speaker Joseph Betancourt, MD, MPH, Assistant Professor of Medicine at the Harvard Medical School and Director of the Disparities Solution Center at Massachusetts General Hospital.
