*Presents:*

### Youth Development Workshop

Holy Family Academy is an affordable and innovative independent Catholic high school focused on college and career readiness. The school opened in 2014 to provide highly-qualified, low-income students with a quality education while helping build and maintain Pittsburgh's skilled workforce.

Come meet the team from Holy Family Academy and several students who will present their work study program that helps close the employment to education gap for students. This workshop is designed to illustrate how your company or organization can benefit from this program.
