

BUSINESS INSTITUTE

Save the Date: Wednesday, October 7, 2015

1:00 p.m. – 4:00 p.m.

Manchester Bidwell Corporation

Cybersecurity (*noun*)

The state of being protected against the criminal or unauthorized use of electronic data, or the measures taken to achieve this.

Cyberattacks are on the rise, and threatening how our businesses, large and small, operate and survive. Defending against these new attacks requires us all to get smarter.

Join us for this special workshop entitled,

'Cybersecurity: Protecting Your Business'

Presented by: Dr. Diana Burley, Ph.D

Dr. Burley is a nationally recognized cybersecurity workforce expert and is co-PI and Research Director for the National CyberWatch Center. A native of Pittsburgh and graduate of Carnegie Mellon University, she is an Associate Professor in the Graduate School of Education and Human Development at The George Washington University. Dr. Burley has also published extensively on public sector IT use, knowledge management and information sharing. She will be autographing her most recent publication she co-authored,

Enterprise Software Security; A Confluence of Disciplines.

Cost: \$100 for Members; \$125 for Non-Members.

An invitation will be sent to you in early September. We encourage you to attend, and also think about who to enroll from your company. For more information, call the Chamber office us at 412-392-0610.

Sponsored by: Huntington Bank
