

## BUSINESS INSTITUTE

*Presents:*

### Supply Chain Program

Millard L. Humphreys  
Supply Chain Consultant  
University of Pittsburgh  
Institute for Entrepreneurial Excellence

Does the phrase “Supply Chain Management” immediately make you think it’s a concern only for large, industrial businesses? If so, don’t miss this workshop on how to significantly grow both the revenue and profitability of your small or midsized business. This program is designed to:

- Define what a supply chain is.
- The concept of the “integrated supply chain”.
- Developing a framework to identify and understand the links of your supply chain.
- The impact of efficiency and effectiveness in your supply chain.
- Potential opportunities for improvement in your supply chain.

At its essence, your supply chain is a critical value driver for your company’s value proposition.

Thursday, February 25, 2016
